MONROE DRAW 400 AL

OVERVIEW

MONROE DRAW 400 AL is a heavy duty water rinseable drawing, grinding and machining oil. It has been formulated for use on heavy drawing and blanking operations and has excellent adherence and anti-wipe properties. It can be used on aluminum and both ferrous and non-ferrous metals without staining or rusting.

MONROE DRAW 400 AL incorporates a unique lubricant and emulsifier which allows residues to be rinsed off with mild alkaline cleaners or even plain water.

FEATURES & BENEFITS

- · Long Lasting Does Not Evaporate
- · Improved Finish
- · Mild Odor
- · Superior Lubricity
- · Water-Rinseable
- · Safe on Ferrous and Non-ferrous Metals
- · Non-Staining
- · Leaves a Protective Film

APPLICATIONS

MONROE DRAW 400 AL is designed to be used as received for light drawing, drilling, machining and grinding on all types of metals, including aluminum. MONROE DRAW 400 AL may be applied by brushing, dipping, spraying, rolling or other convenient method.

MIXING

MONROE DRAW 400 AL is intended to be used as received and is not to be diluted with water for use.
